# FROM PRESIDENT'S DESK

INRECA Sansthan has recently celebrated 42 years of its existence, and I am truly surprised at how quickly these 42 years have passed.

It fills me with nostalgia. We carefully thought about naming the new organization and came up with International Rural Educational Cultural Association (INRECA Sansthan), with the intention of promoting education as well as preserving the cultural heritage of tribal areas at the international level. However, we also realized that fulfilling the basic needs and amenities of the people was equally important.

Therefore, we decided to work in six major areas: health, education, environment, livelihood, women and child development, and skill development. We have made remarkable progress in these areas over the last four decades. The year 2025-26 marks the completion of 42 years of INRECA Sansthan and the beginning of its 43<sup>rd</sup> year. We celebrated the Annual Day 2025-26 as a grand and memorable event. The Hon'ble Dr. Kuber Dindor Education of Tribal Minister, Govt of Gujarat and Sh. Mansukhbhai Vasava, MP (Bharuch Parliamentary Constituency) and other distinguished personalities. They appreciated the services rendered by INRECA Sansthan to the tribal communities through its various activities during 42th annual day celebration. They expressed their best wishes for the organization and its dedicated staff, hoping that INRECA Sansthan will continue to fulfill the aspirations of the local tribal community.

I convey my heartfelt thanks to all my colleagues and well-wishers who have extended their wholehearted cooperation in achieving the vision and mission of INRECA. On the occasion of the 42th Anniversary Celebrations, I extend my sincere best wishes to the entire INRECA family for a successful 42th anniversary and wish everyone good health, happiness, and continued success.

# Background

The word tribal carries with it the message of rustic simplicity, environmental consciousness and living in harmony with nature and liberty. Tribal in India are one of the most marginalized communities with little to no access to basic necessities of life like healthcare, education and livelihood opportunities.

With the gradual destruction of natural resources, especially forests which traditionally sustain these indigenous cultures, they have to adjust to the outside cultural, social and economic forces for their survival. The indigenous and traditional cultures of the various tribal populations are being eroded and replaced by outside economic forces, and this growth-centered model results in an increase in social injustice and environmental degradation.

A people-centered model, however, envisages the sustainable development of local resources to meet the needs of the people living in the area and thereby improve their quality of life. This approach ensures the strengthening of local control over resources, broadens participation, and promotes ownership and management of local resources in order to develop diversified and self-reliant rural economies.

In order to visualize the objective for the prepend overall development of local tribal communities. INRECA Sansthan being established in the lap of Satpuda range reserve forests as well as Shoolpaneshwar Wildlife Sanctuary of Narmada Valley, Dist. Narmada of Gujarat State

# Introduction

INRECA is acronym of International Rural Education & Cultural Association. INRECA Sansthan is an action oriented rural development & institute working in 100% tribal areas of Bharuch and Narmada districts of Gujarat state since 1984 without any discrimination based on caste, creed & community. INRECA is registered on 4th December 1984 under the Bombay public Trust Act 1950 with its Registration No. E-5762. It is also registered under F.C.R.A. with its No.041990027 on 11th September 1985 from Ministry of Home Affairs, Government of India New Delhi. Now as per the FCRA at Act 2010 at Has been Renewed Vide FCRA Registration No.041990089 On Dealed 15th February 2019 CSR Registration No:CSROO007693, dated:04/04/2021. 12A (Section332) Registration No.AAATI3801R26AD01. & 80G (Section354) Registration No.AAATI3801R26AD02 validity 2030-31. During 42 years of its existence INRECA Sansthan has its carried/ carrying out various kinds of social economic Rural Development, Agricultural Development, live stock development, Women & Child development, Human resource development, Watershed Development, Dairy & Poultry, Bee keeping & setting up of small industries in order to uplift to socio-economic status of under privileged section of the society & sustainable development.

## Principle And Values

- Dedicated to serving poor and underprivileged sections of society.
- Work with and for rural communities, particularly Tribals, Dalits, women, and children, to enhance their intellectual and physical potential.
- Strive to realize the ideals of Gram Swaraj and Panchayati Raj by creating opportunities for marginalized communities to participate in self-governance and local decision-making.
- Foster an environment that promotes empowerment and self-realization among the weaker sections of society at the village level.
- Practice a life of simplicity, integrity, austerity, and commitment to serving the underprivileged.
- Promote social harmony, mutual respect, and appreciation for diverse cultures, heritage, religions, and customs.

## Goal & Rationales

- To work for the sustainable development and utilization of natural resources and preserve biodiversity and the environment for future generation. To work for the durable improvement in the quality of life and standard of living through economic interventions designed to benefit the poorer sections of society.
- To initiate and executive project and programmes for rural and urban development with special focus on education, health, nutrition, water resources, conservation, sustainable agriculture and animal husbandry, harnessing and developing renewable energy resources and technologies, cottage industries, food processing and preservation, housing, forestry, fishing etc.
- To promote the involvement of the marginalized communities through participatory processes in planning, implementation and management of resources as the primary stakeholder in development.
- To organize deprived communities and form local groups such as Mahila Mandals, Sanghams, Credit and Thrift Societies, Cooperatives etc. as a process for empowerment of the people and developing the management capacities to make decisions and manage group activities for their development.

## Objectives Of The Organization

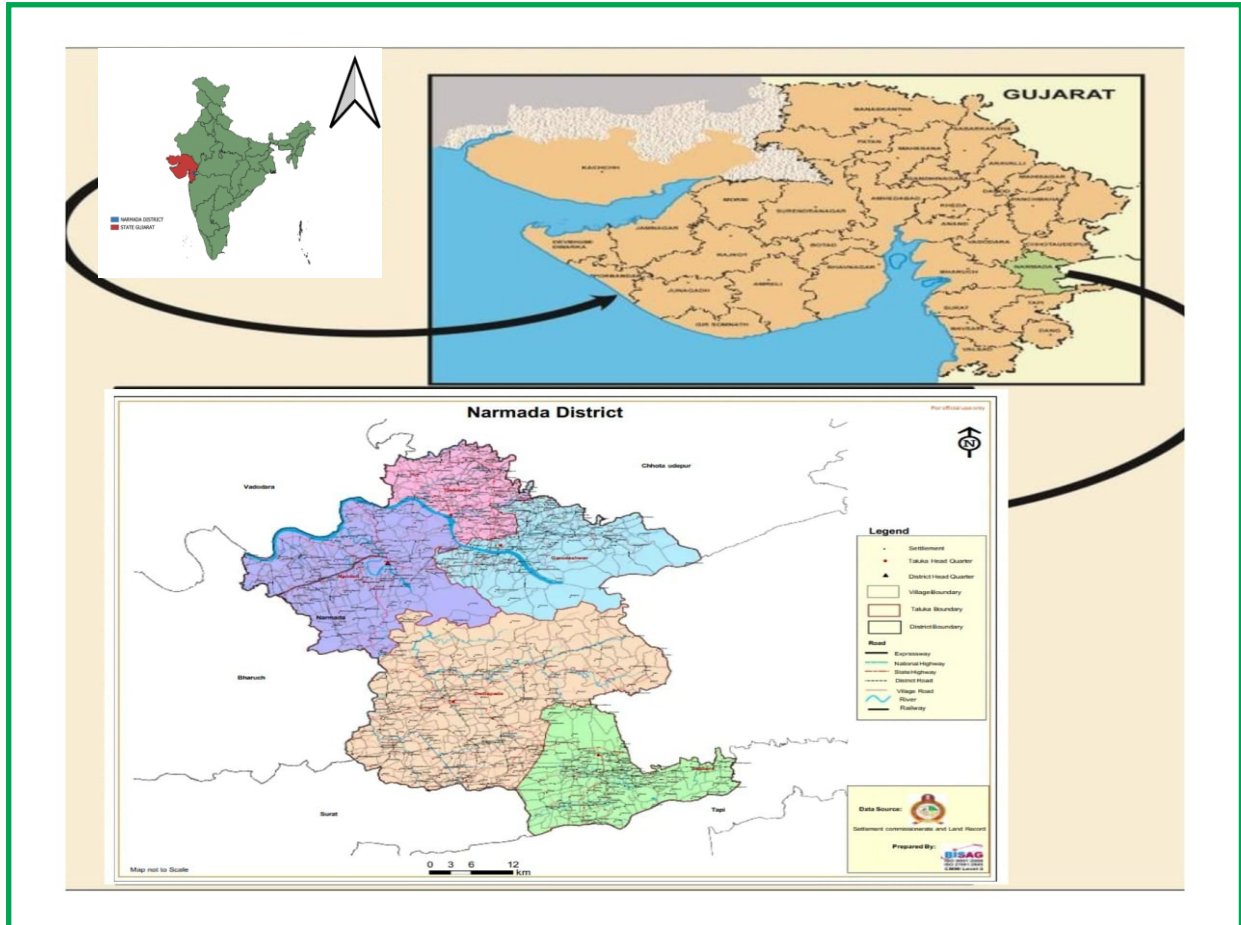

- Develop and maintain rural infrastructure, including village roads, electrification, drainage systems, and other essential public utilities.
  - Establish and support educational institutions such as schools, colleges, laboratories, hostels, libraries, and learning resource centers to improve access to quality education.
  - Promote community health by establishing and strengthening dispensaries, maternity homes, child welfare centers, and other healthcare facilities.
  - Support economically weaker and marginalized families through housing assistance and access to basic amenities.
  - Promote sustainable water resource management by developing minor irrigation systems, community irrigation schemes, drinking water facilities, hand pumps, and open wells.
  - Enhance agricultural productivity by facilitating access to quality farm inputs, improved technologies, equipment, and extension services, particularly for tribal and smallholder farmers.
  - Generate sustainable employment and livelihood opportunities through skill development, entrepreneurship promotion, and enterprise development.
  - Strengthen rural industries, producer groups, and cooperative institutions to improve production, value addition, market access, and community-led economic development.
  - Establish Vocational Training Centres and organize workshops, seminars, and capacity-building programmes to enhance technical, vocational, and life skills.
  - Conduct research, documentation, and innovation in social, technical, agricultural, environmental, and rural development sectors to support evidence-based interventions.
- Promote community-based organizations, cooperatives, and producer institutions for effective management of local resources, collective marketing, value addition, and sustainable livelihoods.

You grieve for whom one should not ' said the lord to Arjuna: And yet you talk like an intelligent man; but, the wise never grieves either for the dead or the living.

# Geographical Coverage

Narmada was carved out as a district in 1997 with four talukas. Currently Narmada has five taluka Dediapada, Sagbara, Garudeswar, Tilakwada and Nandod. INRECA has been working in the Five Talukas of Narmada and two talukas of the Bharuch District. INRECA Sansthan aslo working in Madhya Pradesh(MP) district Dhar. Khargone, Barwani.

INRECA has been working in the Six talukas Namely Dediapada, Sagbara, Chikda, Nandod Garudeshwar & Tilakwada of Narmada District and Two talukas of Bharuch District.

# Environment

## Rural Sanitation Program

The Department of Rural Development, Government of India, launched the Swachh Bharat Abhiyan on 2 October 2014 to eradicate open defecation. The campaign was launched on the 145th birth anniversary of Mahatma Gandhi. INRECA Sansthan has played a vital role since its inception by implementing various sanitation schemes, including the Central Rural Sanitation Programme (CRSP), the Total Sanitation Campaign (TSC), and others. Under these schemes, INRECA has constructed low-cost household toilets in the blocks of Dediapada, Sagbara, Narmada District; Ankleshwar block of Bharuch District; Dhrol block of Jamnagar District, Gujarat; and Dadra & Nagar Haveli (UT). This rural sanitation programme was initiated in 1987, and to date, about 10,000 low-cost toilets have been constructed for individual households.

## Social Agro Forestry And Afforestation Program

The Department of Rural Development, Government of India, launched the Swachh Bharat Abhiyan on 2 October 2014 to eradicate open defecation. The campaign was launched on the 145th birth anniversary of Mahatma Gandhi. INRECA Sansthan has played a vital role since its inception by implementing various sanitation schemes, including the Central Rural Sanitation Programme (CRSP), the Total Sanitation Campaign Under these schemes, INRECA has constructed low-cost household toilets in the blocks of Dediapada, Sagbara, Narmada District; Ankleshwar block of Bharuch District; Dhrol block of Jamnagar District, Gujarat; and Dadra & Nagar This rural sanitation programme was initiated in 1987, and to date, about 10,000 low-cost toilets have been constructed for individual households.

## World Water Day Celebration 2026 ( Theme Water and Gender")

The Department of Rural Development, Government of India, launched the Swachh Bharat Abhiyan on 2 October 2014 to eradicate open defecation. The campaign was launched on the 145th birth anniversary of Mahatma Gandhi. INRECA Sansthan has played a vital role since its inception by implementing various sanitation schemes, including the Central Rural Sanitation Programme (CRSP), the Total Sanitation Campaign Under these schemes, INRECA has constructed low-cost household toilets in the blocks of Dediapada, Sagbara, Narmada District; Ankleshwar block of Bharuch District; Dhrol block of Jamnagar District, Gujarat; and Dadra & Nagar This rural sanitation programme was initiated in 1987, and to date, about 10,000 low-cost toilets have been constructed for individual

# ENVIRONMENTAL, YOGA, WE CARE OUR RIVERS

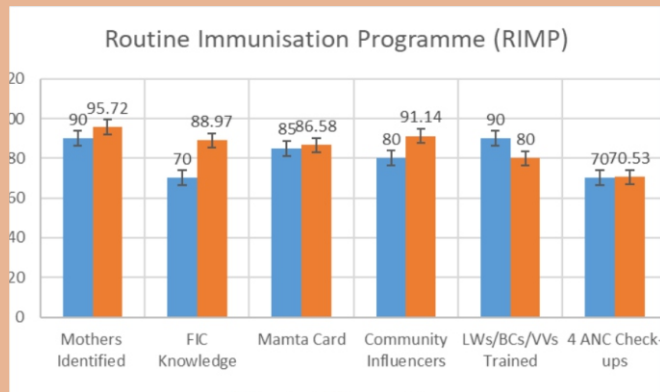

# Health

**Reproductive And Child Health Project :** INRECA had been selected as District mother NGO for Narmada district since 2004-2018 in order to carry out RCH activities in entire Narmada district in association with other field NGO in all 4 blocks (Now 5 Talukas) and during this period : based on the following objectives of RCH and Indicator

## Routine Immunisation Programme :-

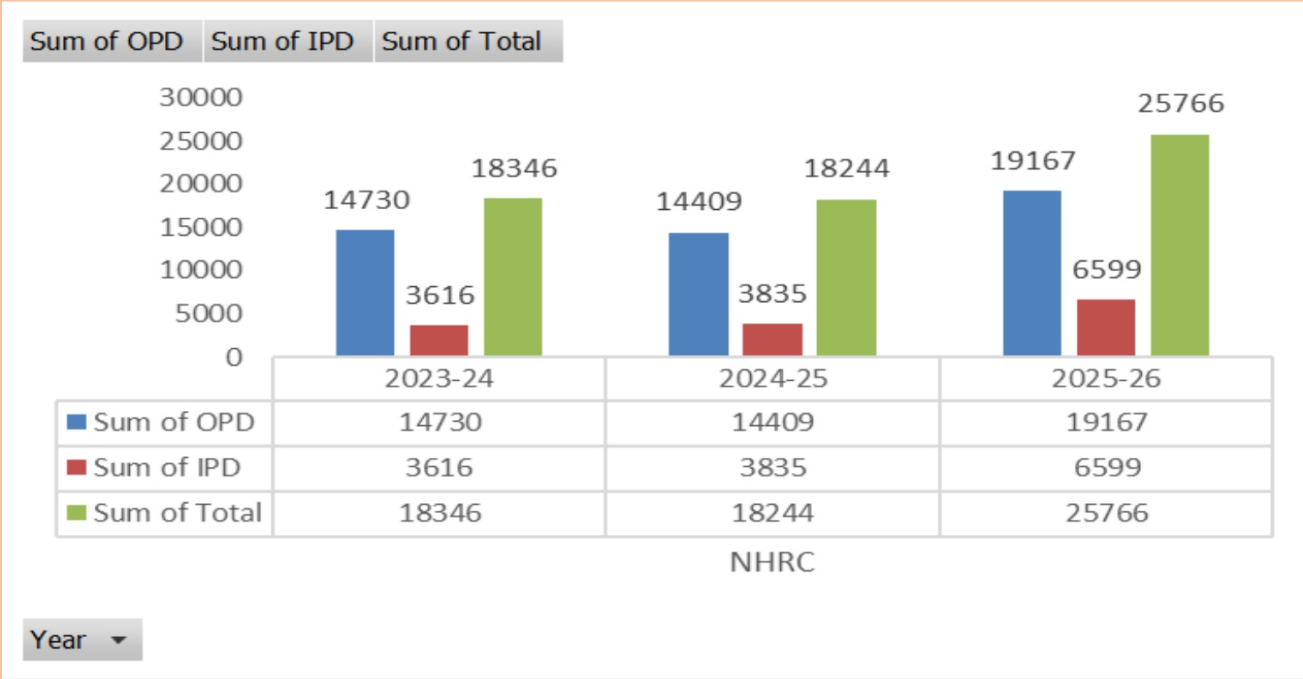

UNICEF has recognized INRECA Sansthan as partner for Narmada district as UNPP w.e.f. 2014-2015 onward. the following achievement are endorsed as UNDP.

# Narmada Hosiptal & Research Centre(NHRC)

## 20 Or More Bedded Hospital

INRECA Sansthan is engaged in health awareness and SBCC activities since last 25 years. We had realized to start OPD hospital with some few beds at our existing premises so that health services could be imparted to the local tribal community. Truly demand is on higher side but due to financial constraints facing a lot of problems in rendering services properly. So, we decided to approach to Ministry of Tribal Affairs, New Delhi under GIA scheme which has been duly considered our request under GIA- 10 or more bedded Hospital Scheme by Ministry of Tribal Affairs, New Delhi Future Plan for expending hospital in full-fledged manner by seeking loan from Nationalized bank and develop a SUPER SPECIALITY HOSPITAL named NARMADA HOSPITAL & RESEARCH CENTRE (NHRC) in order to provide quality medical facilities in remote and tribal area. gyanec , pediatric, General surgery, Orthopedic department and other facilities shall be intiated along with lab, OT, Pharmasict facilities available, patients are treated , diagnosed and couseled during Year2025-26, The Details are given as under;

# Hospital Snap

# Vandana Nursing & Para Medical College

Working with tribal community in this Narmada valley since last about 4 decades, we have come to this unflinching conviction that Tribal girls are more sturdy, workaholic and sincere if they are offered opportunities vocationalise or impart training to them so undoubtedly; the economic scenario will invariably improve. INRECA Sansthan decided to run nursing college in this remote tribal area so that tribal students may undergo training at local level and can stand on their own feet especially girls. So, INRECA Sansthan constructed a building of about 45000 sq ft and ANM/GNM courses has initiated by last Academic year 2025-26 for 2 years & 3 years duration courses respectively. Government of Gujarat has allotted 60 seats each course initially. It has come in the notice our district administration also that our tribal girls are exploited in terms of monetary as well as other ways when they opting to go outside to pursue their courses out of state. In order to avoid such instances and misbehavior forced to launch these courses immediately and hopefully BSc (Nursing), PB BSc (Nursing) shall also be started in next couple of years. Preparations are on the way to launch other Para Medical courses like Pharmacist, Sanitary Inspector and Technicians for X-rays, Dialysis, OT as well as Diagnostic etc.

# VANDANA DIAGNOSTIC CENTRE

Facilities available Patient Diagnostic Services (FY 2025-26) During the financial year 2025-26, a total of 8,509 patients benefited from diagnostic services provided through VDC. The diagnostic facility supported early detection, timely diagnosis, and appropriate treatment of various health conditions, thereby improving access to quality healthcare for the community. The services included routine laboratory investigations such as Complete Blood Count (CBC), Hemoglobin (Hb), Diabetes Profile (FBS, PP2BS, HbA1c), Kidney Function Tests (Urea, Creatinine, Uric Acid), Lipid Profile (Cholesterol, Triglycerides, HDL, LDL), Liver Function Tests (Bilirubin, SGPT, SGOT, ALP, Total Protein, Albumin), Thyroid Function Test (TSH), Urine Examination, Blood Grouping, ESR, RA Factor, and screening for infectious diseases including Malaria, Dengue, Typhoid (Widal), HIV, Hepatitis B (HBsAg) and Hepatitis C (HCV) ECG, Ultrasound, Eco.

# SICKLE CELL ERADICATION PROGRAM

Sickle Cell Anemia is a hereditary blood disorder that significantly affects tribal and rural populations. Early detection, awareness, and timely treatment are essential to reduce its impact and improve the quality of life of affected individuals. Narmada Hopsital and Research Centre (NHRC) INRECA Sansthan officially launched the Sickle Cell Anemia Eradication Program on 01 May 2025. The campaign was inaugurated by Hon'ble Member of Parliament, Shri Mansukhbhai Vasava, marking a significant step towards addressing this critical health issue.

Year 2024-25 Sickie Tested-11594

Year 2025-26 Sickie Tested-2921

Running Year 2026-27 Sickie Tested-321

## Sanatan Dharma Bal Sanskar Kendra

INRECA Sansthan is giving maximum emphasis on both formal and non formal education in order to achieve the tribal community which has also been marginalized. INRECA Sansthan has started this Kendra for teaching the tribal students in the Nursery and Kindergarden

## Sanatan Dharma Shishu Shiksha Sadan

INRECA Sansthan has established government recognized school namely Sanatan Dharama Shishu Siksha Sadan. Initially it has been started with Children up to 8th Standard. About 2001 odd tribals student are studying in this school. INRECA is stressing on better education in the remote areas with indian culture heritage discipline.

When educating the mind of our youth , we must not forget to educate thier hearts- Dalai Lama

# Sanatan Dharama Senior Secondary School

## Sanatan Dharama Senior Secondary School

Sanatan Dharama Senior Secondary School was established in 1996. Initially, the school offered education up to Class 8. Over the years, higher secondary classes were introduced gradually, one class at a time. The school currently serves around 174 tribal students from Classes 9 to 12. Students have consistently demonstrated commendable academic performance as well as active participation in sports, youth, and cultural activities. INRECA Sansthan supports the school by providing educational toys and learning materials to promote activity-based and play-way learning. The organization is committed to nurturing children and helping them become responsible, confident, and contributing members of society. The school provides free education along with transportation facilities for tribal students, enabling them to travel safely between their homes and the school. These initiatives have created a positive educational environment in this remote tribal area and significantly improved access to quality education.

The following tables present the academic performance of the school over two academic years, highlighting achievements not only in education but also in extracurricular activities such as sports, youth development, and cultural programs.

# Sanatan Dharama Kanya Chhatralaya (Girls Hostel)

INRECA Sansthan is already running its S.D Senior secondary school till 12 th standard, so the girls of higher class i.e. Std 6 to 12 who are commuting from neighboring village find it very cumbersome. So INRECA had applied for girls hostel to commissionerate of tribal development. So government Gujarat has sanctioned this girls hostel for capacity 80 however 94 students are enrolled from Std 8 to 12.

# RISHI VALMIKI HOSTEL

There is a marked increase in tribal children wanted to continue thier studies but correspondingly adequate facilities are not available in rural and remote areas, for this reason ther shift to block level cities to continue to get good education. INRECA is already running both primary and higher secondry school of repute. Due to heavy rush a proposal was been sent to Ministry of Tribal Affairs, New Delhi for hostel facilities for girls and boys separately that would accommodate 125 ST Boys and Girls, However 135 students are admitted Acadmic Year-2025-26

# School, Hostel, Sports Snaps

The Livelihood Program for the financial year 2025-26 , implemented under partnership between INRECA and Reliance Foundation, focused on improving the self reliance and resilience of rural communities across the Narmada District. Key Intervention centred around climate resilient agriculture, sustainable water management, women's entrepreneurship, institutional strengthening

*Mass Awareness generation events on village level planning, display of planning process, Climate resilience; Campaign on Nation priority programs, grey water management etc.*

### **World Environment Day Celebration:-**

World Environment Day was celebrated across 6 villages in four blocks, with active participation from 251 community members. As part of the celebration, a total of 650 plant saplings were planted by

the villagers. Special guests from the Social Forestry Department team Narmada also participated in the program. The main objective of the celebration was to raise awareness among the community about the importance of trees and environmental conservation. The 6 village gram panchayat are involved in the program, they

### **Swachhta Hi Sewa Programme (Campaign):**

The Swachhta Hi Sewa programme was organized in 31 villages to generate awareness among the community. As part of the campaign, activities such as cleaning of water tanks, animal drinking water structures (havado), roads, and plantation areas were undertaken. In addition, community rallies were conducted to spread the message of cleanliness. A total of 864 community members actively participated in the programme. The community members took ownership of cleaning activities in public places, while village-level Gram Panchayats provided strong support to ensure the success of the initiative.

**The true meaning of life is to plant trees, under whose shade you do not expect to sit- Nelson Henderson**

# We Care Our Rivers

"We Care Our Rivers" Campaign was successfully organized in 33 villages with the objective of creating awareness about plastic waste management and promoting river cleanliness. The campaign focused on: Spreading awareness about the harmful impact of plastic waste on rivers and the environment, encouraging community participation in river cleaning activities, Promoting responsible waste disposal practices

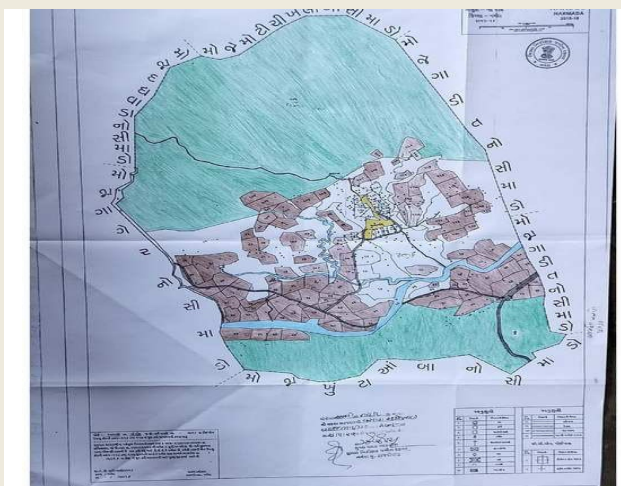

Water is everything; all creation is water, the life breath, the animals, food, and the nectar of immortality- Ragveda

# SKILL DEVELOPMENT

## Training on GPDP Plan & CRVDP Plan:

50 training programmes were organized on Gram Panchayat Development Plan (GPDP) and Climate Resilient Village Development Plan (CRVDP). The sessions were attended by Village Development Committee (VDC) members, Climate Champions (CC), and other community members. The objective of the training was to build the capacity of VDC and Climate Champions on identifying key village issues, preparing structured development plans, and submitting them for approval in the Gram Sabha. This training the VDC various work of new plan, they plan to Soil moisture conservation work , farm bund, stone bund, and Animal shelter, irrigation work etc. total-1759 participated of the training. (Male- 800 & Female-959)

# Renovation of Water Harvesting structure

Water harvesting structure repaired (Program Intervention) - 12 villages, the existing check dam structures were damaged, due to which water was not being properly harvested. As a result, irrigation facilities were affected and rainwater was directly flowing into the river without storage. Considering the difficulties faced by farmers, the Village Development Committee (VDC) raised the demand for renovation of the structure and the renovation work was successfully completed. Impact of Renovation: Water Harvesting Capacity: 283850 CUM, Total Farmers Benefited: 165, Total Land Benefited: 171.18 hectares (direct and indirect). The renovated structure has improved irrigation availability, reduced water runoff, and strengthened water security for agriculture in both villages. This intervention has significantly supported sustainable farming and enhanced climate resilience at the village level.

## Promotion of efficient water saving technologies/practices such as soil moisture retention and improved agronomic practices

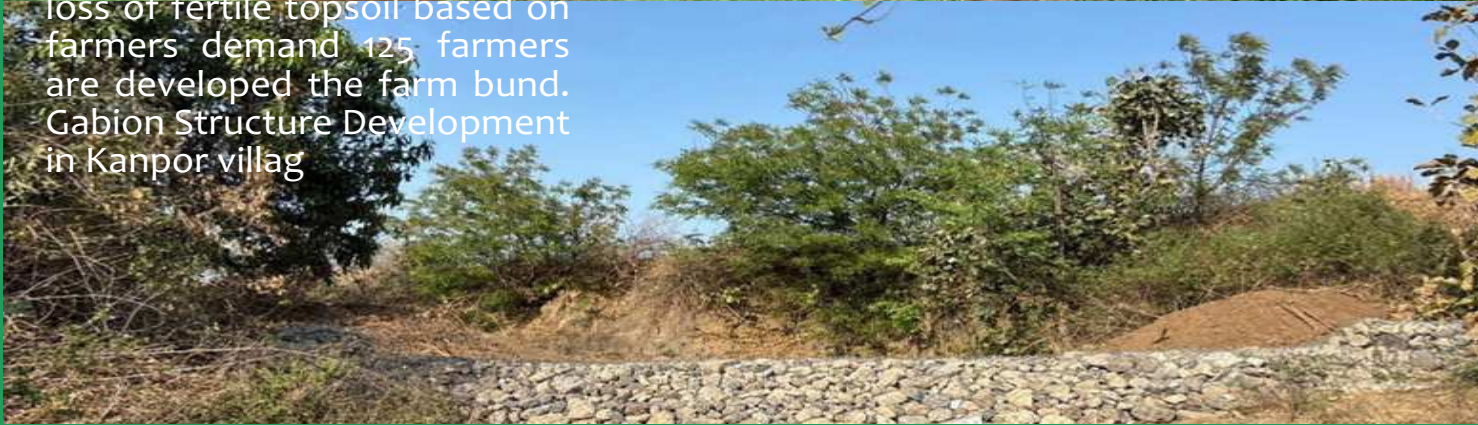

**Rain Pipe Demonstration:-** A rain pipe demonstration was conducted in 50 village to promote efficient water-use technology in agriculture. A total of 806 farmers participated in the training program. The demonstration was carried out with the support of progressive farmers, focusing on practical, field-level application. The session highlighted farmer experiences and showcased the positive impacts of rain pipe irrigation, including efficient water use, reduced labor, and improved crop management. This practice is now being widely adopted across Narmada district. Total-550

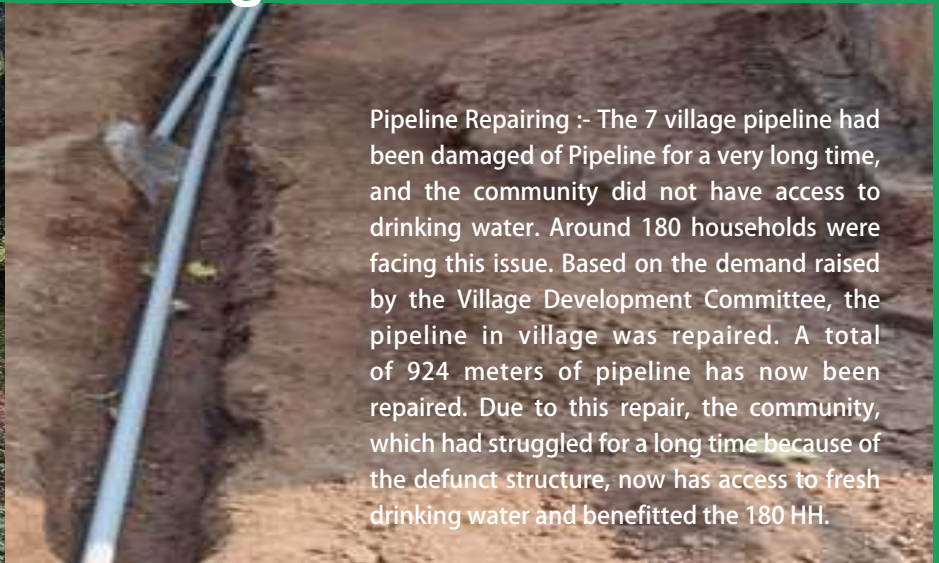

# Common Resource Development

Plantation - 15 Villages 20500 plant are sapling Continuous Contour Trenches 4 Villages and 4 Hecter Pasture Land of the Gram Panchayat. Farm Bund:- Farmers are Facing severe soil erosion leading to loss of fertile topsoil based on farmers demand 125 farmers are developed the farm bund. Gabion Structure Development in Kanpor villag

## Improved Drinking water facilities

Pipeline Repairing :- The 7 village pipeline had been damaged of Pipeline for a very long time, and the community did not have access to drinking water. Around 180 households were facing this issue. Based on the demand raised by the Village Development Committee, the pipeline in village was repaired. A total of 924 meters of pipeline has now been repaired. Due to this repair, the community, which had struggled for a long time because of the defunct structure, now has access to fresh drinking water and benefitted the 180 HH.

# Grey Water Management

Grey water management is a major issue in the district, and proper management systems are lacking. Based on the demand from the Village Development Committee, grey water management work was conducted in 18 villages, focusing on common areas with high grey water accumulation. The leach pit structure are developed through grey water proper management. A total of 444 households have benefited from this intervention. 352.79 cum water are recycle

# Nutrition Awareness program

The 37 village conducted the Nutrition awareness program , participated of the woman village, the objective is awareness generation among communities to use the healthy vegetable and local food intake in daily routine life , the communities resource person is also discussed theReliance Nutrition Garden to home level growing to many vegetable. In collaboration with ICDS at the Anganwadi level. Rally and a Recipe Competition. A total of 994 women participated in the program. During the recipe competition, women prepared and exhibited different local traditional recipes, many of which are becoming extinct in the area. The objective of the program was to create awareness among the community about the importance of consuming locally available, nutrient-rich foods and to promote the revival oftraditionalfood practices for better health and nutrition.

## FACILITATING PROPAGATION OF NUTRITION INITIATIVES AT INSTITUTION/HOUSEHOLD LEVEL

To improve household nutrition and promote self-reliance in food production, Reliance Nutrition Gardens (RNG) were promoted at the household level. Communities adopted the kitchen garden concept, cultivating local and seasonal vegetables for daily consumption. Covered 42 villages and 1359 HH supported. The promote of this model through sustainable vegetable growing at household level.

Soil samples were collected from 55 villages involving 806 farmers. Objective: The primary objective of this initiative is to assess soil health and fertility levels in order to promote scientific and need-based fertilizer application, improve agricultural productivity, and ensure sustainable land use

# IVCD Field Snap

**During year 2025-26 , farmer collectives played a significant role in strengthening market linkages and improving farmers' access to quality agricultural inputs and services. INRECA Sansthan worked closely with Reva Khet Utpadak Mandli and Jay Narmada Producer Company to promote collective procurement, aggregation, and marketing of agricultural produce.**

## Diversifying Rural Income for Women Entrepreneurship (DRIWE)

Awareness Program on RSETI Training Modules (Farm and Non-Farm Sectors): - An awareness program on rural livelihood training was conducted in 22 villages, focusing on skill upgradation and enhancing rural income through training in both farm and non-farm sectors. Key Highlights: The sessions were conducted with the support of RSETI Narmada representatives, Mr. Sunilbhai and Mr. Vijaybhai, who provided detailed information on various RSETI training modules. Courses introduced included: Toran Making Agarbatti (Incense Stick) Making Soap Making, Soft Toy Making, File and Folder Making. A total of 582 women & Men participated in the awareness programs across the four villages.

## Mass Awareness programs /linkage camp/ Stakeholder workshops on Financial inclusion

A Linkages Camp was organized in 62 villages to promote financial inclusion and facilitate farmers' & person access to various government schemes and subsidies. The camp aimed to link person with government welfare and agricultural schemes by supporting their enrollment in the : The camp facilitated enrollment for key schemes, including: Pradhan Mantri Suraksha Bima Yojana (PMSBY) Voter ID (Election Card) , ABHA Card (Ayushman Bharat Health Account), Farmers Registry. As a result of th

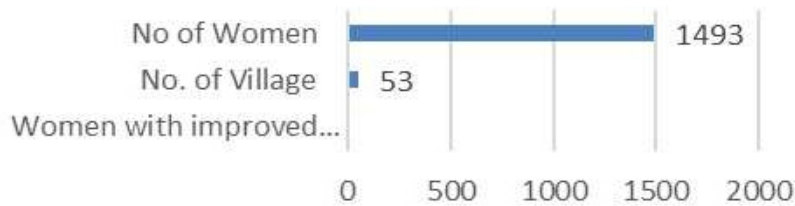

# Digital literacy / Financial Literacy training programs

The program was organized in 91 program, with participation  
from 1886 women

Objective: The main objective of the program was to create awareness among community members about the use of digital technology and applications, and to improve understanding of the banking sector, loan facilities, and savings options. This initiative aimed to empower women by enhancing their digital skills and promoting financial inclusion.

## Women with improved digital and financial

# Best Practices in Year-2025-26

## . Promotion of Dairy and Linkage with Dudhdhara Dairy

Last year, 12 defunct and non-functional dairy units were identified across 12 villages. Out of these, two dairies have been successfully revived: Mahila Dairy in Shamsheerpura village Dairy in Bhutbeda village In this years Garudeshwar ,Dediapada, Sagbara block, additional dairies were identified in Jitpura, Timarva, Vansala Godada, and Rohda villages. Proposals for their registration were submitted to Dudhdhara Dairy. This initiative has strengthened local dairy infrastructure and enhanced livelihood opportunities for rural households.

Digital and Financial Literacy Program – Bridging the Gap:-During the Digital and Financial Literacy Program, it was observed that many women lacked access to: Bank accounts Insurance coverage To address this gap, a linkage camp was organized with a focus on financial inclusion. As a result: Women were enrolled in banking services. Many were connected to insurance schemes .Awareness of digital financial tools improved. This has contributed to increased financial security and inclusion among rural women.

The Pashu Sakhi Model: The Pashu Sakhi initiative has emerged as a strong community-based livestock support system: Regular deworming services are provided at the village level Significant reduction in goat kid mortality has been observed Improved livestock health and productivity This model has created a positive impact by strengthening farmers' livelihoods and ensuring timely vete

# Millet Mission Program ( Maize Cultivation)

INRECA Sansthan has long association with National Seeds Corporation (NSC), New Delhi an autonomous body under the Central Ministry. Dr. A.K Singh Ex-AGM of NSC Known to us as we were working together since 1990 onwards & distributing Certified and Verified Seeds to the tribal farmers through our an Agricultural Cooperative & used to benefiting them in large extent. Now Shree Narendra Modi; the beloved revered & honorable Prime Minister of India has established a Millet Mission of India where local & traditional staple Millet varieties like moria, koda, bunti, ragi, makai, jwar, bajra etc. cultivation. Dr.A.K Singh along with Dr. Sain Das Ex. Director, Indian Council for Agriculture Research (ICAR) New Delhi who is currently member of Advisory committee of Millet Mission Government of India Contacted us & visited our organization for the Cultivation & promotion of Maize crop with specialized seeds where in soil texture of our area is very much appropriate & conducive for maize cultivation. So, we have shown interest as we are already working on livelihood Program with the motive of doubling the income through Agricultural producers of tribal Farmers which were fulfilling the local aspirations & our objectives too.

- Supplying of specialized/Customized Certified Maize seed
- Developing value Chain system for purchasing of produces of farmers.
- Other technical aspects & awareness issues

**Eventually, we have come to the conclusion on following points**

- Being First attempt, this project shall be considered a pilot project for our area & local tribal farmers.
- Certified, customized Seed shall be supplied though INRECA Sansthan free of cost @5 kg/acre worth of Rs 15000/-
- Moisture retention in area is optimum. However irrigation facilities are required so Consent is required from farmers to get ready for irrigation if required

**These are the outcomes of the projects are:-During 2025-26**

**Production Details - Popcorn Maize (Farmers Benefited)**

During period, 34 farmers from Narmada district cultivated popcorn maize under the project intervention. The farmers produced a total of 127,835 kg of popcorn maize, generating a cumulative return of 5,009,375. The promotion of popcorn maize as a high-value crop helped farmers enhance their income through improved productivity and better market opportunities. The initiative also encouraged crop diversification and contributed to strengthening the livelihoods of rural farming households.
